Investment Objective & Strategy

From investment's prospectus

The investment seeks to provide a high and stable level of income exempt from federal and North Carolina personal income taxes derived from North Carolina municipal securities without incurring undue risk to principal.

The fund seeks to provide a steady flow of tax-exempt income derived from North Carolina municipal securities of investment grade quality (those rated BBB or Baa or higher by U.S. nationally recognized rating services at the time of purchase) with a weighted average nominal maturity normally greater than 10 years.

Benchmark Description: Bloomberg Municipal 1-15 Yr TR USD

The index measures the performance of USD-denominated long-term tax exempt bond market with maturities of 1-15 years, including state and local general obligation bonds, revenue bonds, insured bonds, and prerefunded bonds.

Category Description: Muni Single State Interm

Muni single-state intermediate portfolios invest in bonds issued by state and local governments to fund public projects. The income from such bonds is generally free from federal taxes and from state taxes in the issuing state. To get the state-tax benefit, these portfolios buy bonds from only one state. These portfolios have durations of 4.0 to 6.0 years (or average maturities of five to 12 years).
