11 ONLINE ACCESS / ELECTRONIC DELIVERY OF MAILINGS

Online access to your account(s) is available through our website: www.dupree-funds.com. With your account number (either 8 digits or 5, *example*: 10012345 or 12345), use the *primary account holder's* Social Security Number (no dashes or spaces) to "Register as a User". You will create a User ID, a PIN/password, and answer security questions. IDs and PIN/passwords are case sensitive. You will be able to view the following: current account balances, account transaction histories, recent account statements, and tax documents. Please note that you will not be able to buy or sell shares using the online access module.

In lieu of receiving paper copies through the mail, you can elect to receive certain shareholder reports (prospectus updates, annual and semi-annual Reports) and statements (transaction confirmations and account statements) securely via our online access. Due to the personal financial nature of the information in shareholder statements, you will need to login and verify your identity once you link to our website. You will be able to download and print each document from the secure website. We recommend that you keep a hard copy in your permanent files.

12 HOUSEHOLDING

Dupree will attempt to minimize mailings of multiple mailings of general reports such as prospectuses and annual reports to account holders who reside at the same mailing address with one report item per household if they answer “yes” below.

Please indicate your householding preference:

- select “Yes” to consent to receive only one mailing per household,
- select “No” to opt-out and receive multiple household mailings, one for each account held at the address of record:

Proxy ballots, account statements, and tax reporting forms will continue to be mailed separately to each shareholder, regardless of your answer below.

	YES	NO
Consent to receive regulatory items (other mailings, i.e. prospectus, annual and semi-annual reports) – as one mailing for all accounts currently mailed to the same mailing address		

If this section is left blank, new accounts will be set up to household multiple mailings. If you want to opt out of the householding service at a later date, you may do so at any time simply by contacting us at 1-800-866-0614 or 859-254-7741. Householding of fund documents will continue indefinitely unless you contact us and tell us that you prefer to receive separate mailings.

Shareholders may elect online delivery of these documents when registering their new account via online access using instructions found at http://www.dupree-funds.com/online_access.html.

13 COST BASIS OPTIONS

Dupree Mutual Funds will use Average Cost unless directed otherwise by the account holder on this application or separately in writing. Shareholders may change their cost basis method election in writing until close of market on the day of the first requested redemption that could involve covered shares. After that time, shareholders can only change the cost basis method for shares still remaining in their account. In other words, cost basis method cannot be changed retroactively for covered shares after the day they are redeemed.

You may wish to consult a tax advisor to help you choose the method that is best for your situation.

You may choose a cost method other than the Fund’s default by making an election below. The elected method will be used for all accounts established by this application as listed above. **If an election is not made the Fund default (Average Cost) will be automatically assigned.**

(Check a box below ONLY if you don’t want to use the Average Cost method)

<u>Average Cost (AVCS)</u> Values of the cost of shares in an account by averaging the effect of all purchases. This is the default unless another option is selected.	<input type="checkbox"/> First in First Out (FIFO) Shares acquired first in the account are the first shares depleted.	<input type="checkbox"/> Last in First Out (LIFO) Shares acquired last in the account are the first shares depleted.
<input type="checkbox"/> Specific Lot ID (SPID) The Shareholder selects which lots to deplete at the time the redemption is requested.	<input type="checkbox"/> Highest Cost First Out (HIFA) Shares acquired at the highest cost per share are the first shares depleted.	<input type="checkbox"/> Lowest Cost First Out (LOFA) Shares acquired with the lowest cost per share are the first shares depleted.

If you elect to use the specific lot identification method, you will need to submit all future redemptions in writing to identify the specific lot(s) you wish to redeem.

Other cost methods may be available, please contact us if you have questions or a specific need not addressed above.
